

USC COVID-19 Academic Progress Summer Scholarship Application Process

Student registers for summer online coursework.

Summer registration opens on March 2.

- Students must register for degree-applicable, online coursework.
 - Students should check their student account to ensure they do not have an outstanding balance (other than for summer charges).
-

Student submits an application on Scholarship Universe.

The application opens April 1 and closes June 1.

- The university has committed to this funding for all eligible students.
 - Early application submission will not impact eligibility or amount of funding.
 - Students should not submit the application until their spring enrollment is settled. For example, if a student is already eligible for one summer course, but they are considering withdrawing from a spring course that would make them eligible for two summer courses, they should finalize that decision before submitting the application.
-

Applications will be reviewed on a rolling basis.

The review process will run from April through June.

- The Registrar's Office will conduct an eligibility check (e.g., summer enrollment, unit eligibility, not Progressive Degree).
 - Student Financial Services will confirm the student has no outstanding balance (other than summer charges).
 - A high volume of applications is expected, so students should be patient through this process.
 - **Every effort will be made to award eligible students before the summer billing deadline at the end of May.**
-

Scholarship notifications will be sent to eligible students on a rolling basis.

- Eligible students will be notified with a link to log back in to Scholarship Universe to accept the terms of the scholarship.
 - If students are not eligible (if they do not pass the checks above), they will be notified. In limited cases, the Registrar will not be able to confirm final ineligibility until after spring grades post.
-

The Summer scholarship will be posted to the student's account after the student accepts terms.

- Scholarships will only cover tuition charges for Summer 2021.
- Scholarship amounts will range from \$1,995 (1 unit) to \$15,960 (8 units at \$1,995/unit).
